Did you know?

Advance Community College has been providing education programs to Mornington Peninsula communities since 1980, when it began life as the Peninsula Training and Employment Program (PTEP) at Rosebud.

In recent years Advance Community College has expanded operations into Mornington—at the Advance College Native Nursery in Mitchell Street—and Hastings—at the Hastings Community Hub.

In 2016 Advance was registered as an independent specialist school and now delivers the Victorian Certificate of Applied Learning (VCAL) under the banner of Advance College of Education. The VCAL provides secondary education for students who want to pursue a hands-on and practical

alternative to the VCE. VCAL is delivered at Capel Sound (formerly Rosebud West), Hastings and Mornington.

At Hastings Advance has been engaged by the Mornington Peninsula Shire council to manage the Hastings Community Hub premises. All venue bookings and room hire are handled by our friendly event co-ordinator, Bek Mantell, who will be happy to answer all your room hire enquiries. You can contact Bek by phone or email at the details below.

For all Hub enquiries, contact Advance Community College on **5979 1398** or hastingshub@advance.vic.edu.au.

Very Special Kids

My title is Family Support Practitioner. Primarily it is a counselling role, so most of the work I do is counselling with young families, either while their child is still alive or perhaps supporting the child's parents, siblings or extended family members during their bereavement. I've been with Very Special Kids for a long time.

I am allocated a certain number of families and I will be their primary contact within the Very Special Kids organisation and all the various supports that we offer. I make regular contact with the families, check in with them and develop a relationship so that when they need the support, they feel comfortable

and have that access. I also support volunteers and the work that they do with families.

Volunteering is a great way to support Very Special Kids, either working directly with families or within our fundraising programs. At Malvern, Very Special Kids runs the Sibling programs, which gives siblings the opportunity to meet other siblings in a safe and caring environment to explore their emotions and reduce the sense of isolation.

My vision for my role at Very Special Kids is to help ensure that families and children get the support they need.

Very special kids

"Very Special Kids cares for children with life-threatening conditions by providing a children's hospice and professional family support services. Very Special Kids helps more than 900 families across Victoria with ongoing support from diagnosis all the way through to recovery or bereavement. "
